

Get Away From It All

Conference in the Heart of Nature

DE  HOOP

DE HOOP COLLECTION

De Hoop Collection offers a wonderful venue for a 'get away from it all' conference in the heart of a beautiful Nature Reserve teeming with animal and bird life – from graceful bontebok and statuesque eland, to the ever-quirky ostrich.

Over 200 bird species can be found at the reserve thanks to the breath-taking fynbos plains, and a 19km fresh water Vlei popular with pelicans and flamingos. Just down the gravel road lies an unspoiled coastline dotted with turquoise rock pools and bordered by pristine dunes. During whale season the sea becomes a playground for the Southern Right Whale, amongst other whale species.
